## Open Letter to Our Supervisors

Dear Mel Nielsen and Ray S. Taylor, supervisors from our area; Also, Supervisors Ivan T. Goyak, W. G. Buchanan and Joe S. Silva:

Draw poker and pinball machines have been a problem in this county for many years.

This problem has been called to the attention of this Board of Supervisors and past Boards of Supervisors.

And there is now — as there has been in the past — unexplainable lack of action by the supervisors.

That this is not a new problem is amply shown by what has happened over a number of years.

The 1953-54 County Grand Jury demanded adoption of an ordinance banning all pinball machines in unincorporated areas of the county.

The supervisors merely appointed a committee, and nothing was ever heard of the committee again.

After extensive investigation, the Law Enforcement Committee of that Grand Jury found that:

"Evidence was offered that the annual 'take' from illegal machine operations is of such substantial proportions that racketeers may be interested in said operations."

The Law Enforcement Committee at that time also stated: "The one matter called to our attention by individual citizens, groups of citizens and representatives of groups of citizens was that of pinball machines."

The present Grand Jury has asked an ordinance outlawing all pinball machines in the unincorporated sections of the county, and an ordinance for control of draw poker parlors.

This is in line with requests by Sheriff Harry A. Brown and by community groups such as the Pleasant Hill Civic Council and the Lafayette Improvement Association.

Again, the supervisors have temporized. There still has been no decisive action.

Draw poker has presented ugly pictures in Lafayette. Both draw poker and pinballs are million-dollar operations in the county. Several years ago Lafayette organizations appeared before the Board of Supervisors and asked prohibition of draw poker parlors in unincorporated areas. A poker parlor had been opened and others planned to do so.

This request, too, was merely tabled.

A few weeks ago a man was again considering opening a draw poker parlor in Lafayette.

Through the years of policing of gambling, particularly of multiple-play pinball machines (which are illegal) has been a constant headache to our law enforcement officers.

Many raids have been conducted. Hundreds of pinball machines have been spent to check on whether machines were legal or not. In some cases, with the flick of a switch behind the counter, a legal machine could be changed into an illegal, multiple-play pinball machine.

Machines have been confiscated. Some trials have been held.

Seriousness of the problem is underscored by the fact that most cities in Contra Costa County have passed pinball ordinances.

Regarding draw poker parlors, some of the cities in our county have long adopted ordinances banning them. Our large neighboring counties — Alameda, Solano, San Francisco — have long had controls in draw poker parlors.

Many other cities and counties throughout the state have pinball and draw poker ordinances.

In connection with pinball machines, it should be pointed out that juveniles spend a lot of their money on them.

And recently an 8 or 9-year-old boy was seen in a draw poker parlor in Pleasant Hill, the latest unincorporated area to be plagued by such establishments.

The Grand Jury, the spokesmen for all the citizens of the county, has demanded that something be done. The sheriff, the chief law enforcement officer of the county, has asked for effective ordinances. In other counties, such requests are considered sufficient reason for action.

The current Grand Jury considers pinballs and draw poker such a problem that it did not wait until its June report to make a recommendation. Last week it recommended banning of all pinball machines and control of card rooms in the unincorporated areas of the county.

To all this, our Board of Supervisors repeatedly says, in effect: "We have had no complaints about this. It is not a serious matter."

The preponderance of evidence to the contrary is so great that the situation would be funny if it weren't so serious. There is no longer any excuse for failure of our Board of Supervisors to act.

What, we respectfully ask, do our supervisors consider sufficient proof that the problem is serious and that public sentiment on the subject is strong? Do you want a "March on Martinez" to convince you?

We hope not. The time for action is now — in fact, it has been long past due. We urge you to act, promptly and effectively!

The club was formed two years ago, but has lost many members due to military service obligations and college. ## Oregon Pinball Scandals Highlight Local Drive

County residents interested in recent efforts to ban pinball machines and control cardrooms in unincorporated areas, have also been intrigued by the current U.S. Senate investigation into corruption and pinball racketeering in Oregon.

A committee headed by Senator John McClellan of Arkansas has been listening for days to testimony concerning efforts by the Teamsters Union of the Pacific Northwest to break into, and control the pinball racket in Portland.

Horace Crouch, a Portland, Ore., cafe owner, told the investigators that the teamsters picked their place, threatening to put him out of business, unless he got rid of the "non-union" pinball machines.

Other witnesses alleged that James Elkins, a Portland racketeer with an interest in Acme Amusement Company, reached an agreement with the Teamsters where other operators would be kept from placing pinballs in taverns—and only a bribe paid to Frank Brewster, top union official, took the pressure off another operator by readmitting him to the union ranks.

The investigators were told the money "from off the top" of the pinball proceeds were used to finance circulation of petitions in Portland to get the pinballs legalized.

A Portland councilman, Stanley Earl, said that he was threatened with union opposition during the election if he didn't support an ordinance licensing pinballs.

Also tied in with this illegal procedure were reported vice operations, use of union money paid by members as due for loans to special friends, without security, and union attempts to infiltrate by bribe one or more official governmental bodies.

On the local scene, the County Grand Jury last week recommended the banning of pinballs in unincorporated areas, and the regulation of cardrooms, which may run all night at present.

## CD Drills Held At Acalanes, Las Lomas High

Acalanes High School students yesterday ran through their first civilian defense disaster drill since the establishment of the new Acalanes District civil defense procedure calling for the evacuation of students to safer, non-strategic evacuation centers in the Byron-Brentwood area.

At Las Lomas High, the first drill was held Wednesday morning.

During the Acalanes evacuation drill student and faculty cars parked on campus were utilized for transportation.

Students who were designated "evacuees" by their parents in a recent district poll of parent preference on student disposal during a disaster alert were seated in cars on the parking lot.

Those designated "walkers" to be sent home on foot in a disaster alert were congregated in the school gym.

ACCORDING TO District CD Coordinator Arthur Dambacher, "student and teacher cars on the campus were used in evacuation because school buses most probably won't be handy to school if a surprise 'real thing' happens."

"School buses that are available will be used on a priority basis first for elementary pupil evacuation. There generally are enough student and faculty cars on campus both at Acalanes and Miramonte to provide transportation for 'evacuees' at those schools."

At Acalanes 700 pupils are designated as "evacuees" and 169 are "walkers."

The first drill in the Acalanes District was held last week at Miramonte High School, Orinda.

Two hundred eighty Miramonte students filled faculty and parent volunteer cars as a test of the Orinda high school's evacuation procedure.

THE BALANCE of the 400 Miramonte student population was designated as "walkers" to be sent home on foot. Eighty of the "walkers" were designated by specific parent request in the recent district parent questionnaire.

Forty of those in the walk home group were classified "walkers" by school authorities for lack of response from parents to the questionnaire.

Students at Las Lomas, Acalanes and Miramonte, whose parents failed to designate through the questionnaire whether pupils should be evacuated or walk home have been arbitrarily designated "walkers" by school officials for lack of direction by the student's parent.

Three hundred Acalanes students have received no parent designation, 205 Las Lomas pupils are undesignated. School officials urge parents who have failed to return their questionnaires stating their preferences on student disposal, to do so.

## North Central Sector Is Second Only to Richmond

The Concord-Pleasant Hill area has the second highest number of crimes committed by juveniles in Contra Costa County, according to a sheriff's report.

The El Sobrante, Richmond-San Pablo is rated highest with a total of 2259 juvenile crimes in 1956. Concord-Pleasant Hill youths were held for 514 crimes, Pittsburg teenagers were cited for 303 crimes and Walnut Creek added 154 crimes.

Lafayette youths committed 52 and Orinda children, a total of 34. Martinez youngsters were held for 200 offenses while Antioch was rated with 129.

The first annual statistical report of the central juvenile index was released this week in the Contra Costa County Sheriff's Department Newsletter.

The report, which is a joint venture of all the police departments, constables, probation and sheriff's departments of the county, shows the crime rate of juveniles in Contra Costa in 1956.

IN THE PLEASANT Hill-Concord area 53 burglary offenses were committed by teenagers; 50 curfew violations; 101 petty theft and shoplifting; nine were cited for drinking and 45 cases of no parental control-unfit homes and neglect.

Sixty-one were taken into custody for malicious mischief; 11 for vandalism; 30 were sex victims; 35 for vehicle code violations.

Thirty were termed incorrigible; 10 were missing, runaways or truants; 11 were held for assault and battery; seven were detained for unspecified offenses and none were guilty of narcotics charges.

IN THE ORINDA Canyon area, one was held for burglary; five for curfew; seven for petty theft and shoplifting; none for alcohol; two for no parental control-unfit homes and neglect.

None in Orinda were held for malicious mischief; six were listed under vandalism; one was a sex victim; one was cited for vehicle code violation.

One was termed incorrigible; three juveniles were missing runaways or truants; none were held for assault and battery and seven were cited for offenses not listed in the report.

The only area of the county to have narcotics offenses listed was El Sobrante. There were six listed in this category.

LAFAYETTE AND Moraga were found to have five cases of juvenile burglary; eight curfew citations; six cases of petty theft and shoplifting; one child involved in an alcohol violation; two were victims of no parental control, unfit homes or neglect.

Five were cited for malicious mischief; one for vandalism; six sex victims; seven vehicle code violations; three were termed incorrigible.

Three were listed in the ranks of missing, runaways or truants; one was held for assault and battery and five juveniles were held in the Lafayette Moraga area for offenses not listed.

WALNUT CREEK listed eight cases of burglary committed by juveniles 17 curfew violations; 25 petty theft and shoplifting incidents; two were held for alcohol; 8 for parental neglect and unfit homes.

Eleven were cited for malicious mischief; two for vandalism; six sex victims; 11 others were cited for vehicle code violations; nine were termed incorrigible; five were missing runaways or truants; none were held for assault and battery and 7 for unspecified offenses.

Early in 1956 representatives of the law enforcement agencies within Contra Costa County met to establish a joint program for local control of Juvenile Delinquency.

This has been found to be, according to authorities, one of the most constructive tools discovered in maintaining a prevention program.

A REFERENCE card is assigned to each juvenile who is taken into custody by any of the law enforcing agencies of the county.

Coding is maintained by color to indicate the year in which the card is to be destroyed. Records are kept to the 8th birthday of the child and in some cases referred to higher enforcement agencies.

Other areas included in the report were the Crockett-Rodeo, Danville-Alamo-San Ramon, Port Chicago-Shore Acres, Clayton Valley, Tassajara, Byron-Brentwood, Oakley-Knighten, the Islands and Delta Zone.

Ages varied from the under 12 category to 17. Each age group was designated by the number of crimes which were committed by children in that category.

THE GREATEST number of crimes were committed by 17 year olds. The second highest were 16. Third highest were the 14 year olds. The 15 year olds fell into fourth place.

There were more cases of parental neglect in the under 12 class than any other age group. More cases of burglary were committed by 17 year olds than any other category.

The majority of malicious mischief cases were reported to be

committed by the under 12 class. The under 12 class also led in the number of vandalism cases.

THE 16 YEAR class were the highest in missing, runaways and truancy.

The crime which was committed most by all age groups was petty theft and shoplifting. There were 751 cases.

## Orinda School District Buys Inland Site

Contract for the purchase of the second and final portion of the 22-acre Inland Valley site proposed for an elementary and an intermediate school was signed Monday night by the Orinda School District Board of Trustees.

The contract, which has been sent to the seller, the Utah Construction Company, for signature, marks the end of a long period of negotiations for the site.

The new contract is for the remaining 8.7 acres of the site for which \$39,000 must be paid by June, 1958.

PURCHASE OF the first 14 acres from Utah was completed last November for \$70,000.

According to Mrs. Catherine Schwarck, president of the school board, construction of the elementary school will begin soon after the purchase of the second parcel is made.

The intermediate school will be built second, she said.

IN OTHER business, the board awarded the contract for construction of a six-classroom addition to the Pleasant Grove School at Ed Eoff of Richmond on his low bid of \$14,360.

Building was to have begun immediately.

Al Wagner of Orinda was appointed as building inspector on these additions and the additions at the Sleepy Hollow School.

The resignation of Mrs. Mary Kimball, 3rd grade teacher at the Gloriaetta School, was accepted by the board. Mrs. Kimball has been on a leave of absence since last summer.

APPROVAL OF approval of the 3-acre addition to the Gloriaetta School by the County Planning Commission and the State Department of Education were read to the board.

Acquisition of the three acres will bring the school site up to the 10-acre minimum required for additions there.

Trustee Louis B. Ambler Jr. was appointed as representative to a newly-formed Trustee Committee for the Acalanes School District. Acalanes District Superintendent Neil Parsons had requested a representative be named.

THE COMMITTEE, according to Mrs. Schwarck, will handle public relations and mutual problems of the High School District and local elementary school districts.

A proposal by Dr. Ralph Hall, chairman of the Civic Affairs Committee of the Orinda Association, asked that the board appoint a representative to the committee.

The board discussed the proposal but did not reach a decision.

DISTRICT Superintendent Joseph L. Shreffelt reported that district enrollment is presently 2477, a jump of 13 over last month. This is also a

## Suburbia Scribblings

By MARIE MONAHAN

She was somebody's mother—but not Whistler's. THE MOTHERS' CLUB, "Aladdin's Ball," taking place at Diablo Country Club tomorrow night, brings to mind another fund-raising project of yesteryear. . . . That show that belongs to Orindans, that way of all Hams, the time when baby-sitters were really at a premium and EVERYBODY joined in the fun and frustrations of putting "Absurdia In Suburbia" on stage.

Much excitement and preparation preceded the production, but best of all, through hectic rehearsals, script writing, scores of staging details, was the opportunity of meeting new people, making new friends, discovering that a bookish neighbor could do a mean hula, and laughing at ourselves in the satirical skits.

We remember one night of an "ABSURDIA" when we were seated in the audience behind a tribe of teenage boys. When a very VERY attractive mother appeared on stage for a dance routine dressed in a spangly bit of costume, one of the young fellows fell flabbergasted and said in a surprised voice . . . "Gosh! Is she REALLY somebody's MOTHER?"

And since the last Absurdia in 1954, when Chairman Tish Winkworth worked for MONTHS every single night and then was hauled off to the hospital after Dress Rehearsal and NEVER DID get to SEE her show. (It was recorded for her), a new word has been part of our own peculiar vocabulary. When someone can't appear someplace due to sudden circumstance, we say that so-and-so did a "Tish" . . . It will never make Webster's dictionary, but for our own private prose, we like it!

So SPRING (?) and the forthcoming dance have sent us remembering, this rainy day, and in particular, a skit we had the pure pleasure of writing. We present it here, poem-style, after explaining that the original idea came from several husbands who queried on what they thought of Orinda women.

### We may not rate as cover girls, but—

One kindly gentleman said we were "AGELESS" — possibly meaning that in our jeans and tennis shoes you couldn't tell us from the teenagers. Another husband thought that all suburban women were perfectly GORGEOUS by night, but just "don't give a darn in the daytime." From more ideas like that came ours, thus presented.

A TALL TWEDDY SALESWOMAN (the haughty-couture type), stands in front of a little shop over which hangs a sign, "I BAGEM & CO." (This done in I. Magnin script by Jean Cullen!) Saleslady steps forward from store door and in her best broad-A accent, addresses the women of suburbia in song —

"COUNTRY CUTIES — Suburban Snooties! Lend us your delicate ears! Dears!

Dutiful Mothers! Beautiful Wives! We realize — that you lead double lives!

You are the back-bone of the nation! We bow in utter admiration! But under much duress — we have ONE complaint! May we stress . . . It's THE DRESS!

About your attire, we are insistent . . . Couldn't you PLEASE be a bit more consistent?

(As the chorus is now sung, the saleswoman raises her brow or smiles, depending on the costumes, assorted and ILL-assorted, that parade the stage in front of her).

### What? Do away with our favorite duds?

"TO THE NURSERY SCHOOL . . . or the neighborhood pool, you are dressed delightfully.

But while shopping at PHAIR'S, you DO provide STARES! You're jeaned and T-shirted so frightfully!

To the Country Club . . . or the local soirees, you go "GLAMOUR" in your best décolletées.

But while buying at Black's . . . you BULGE in your slacks. You leave us in a disillusioned haze!

Suburban Fashions dictate — that comfort — comes first! But must you OUT-DO one another . . . in looking your comfortable WORST!

For a luncheon or tea or on a big city spree, you're as fashionable as you ought to be.

But why must you ABUSE . . . those sad saddle SHOES? Let's find ways and means — to abolish those JEANS!

Let's be CASUAL in the Country—But Not COUNTRY CASUAL-TIES!"

AND THEN THE CURTAIN FELL on Fran Sutcliffe in a faded denim duster, curlers in her hair . . . Marty Gillespie in jeans and a T-shirt stretched to her knees . . . Beverly Bonds in a pillow-stuffed ensemble and Charlotte Chapple in high-heels and slax, bracelets and big earrings, carrying a straw basket filled with french bread and salad greens.

We remember, too, that Pinky Plumb wore rolled-up jeans and her husband's college sweater and stomped across stage in outside saddle shoes borrowed from Bruce Howard . . . Pat Burton was one of the more fashionable, trimly-sided and shouldering her furs. Then there was Dot Guinther, Ann Bailey, Lonnie Currier, Dorothy Hudelson, good sports all, as the featured Bags and Accessories of the fashion-farce.

### So it's out of the dishpan and onto the dance floor

Well, never underestimate the power of a woman, for tomorrow night will see the hardworking harassed housewives of suburbia emerging as the most glamorous lot ever gathered under one roof. And when you pass a particularly swish number . . . just remember that she IS, in all probability, SOMEBODY'S MOTHER!

The evening of dancing and entertainment will succeed supper and dinner gatherings in a score of homes as well as along the tunnel strip eateries. Converging for cocktails in Sleepy Hollow at the joint invitation of the Dick Kendalls and Vivian Spaul will be the Lee Pauls, Don Texdahl, Henry Wynnes, Ed and Jane Baker, as well as the Les Harlanders, Chuck Schulers, Kriete and Louise Baldwin . . . the group to descend on the Danville Hotel for dinner as are many other party groups (WITH reservations!), one of which will collect early at the Allen Ayres residence on Overhill Rd.

Mastering for martinis here will be the Frank Shireys, Bill Waters, Ken Nattresses, George Talbots, Frank Leibolds and the C. A. Nickersons, recent newcomers from L.A.

The Earl Vicars and the Sari Goldsmiths will take a table for four at the Danville and the John Magas and the Don Minklers will dine there beforehand with the Harold Bakers, Rodney Jenks, Robert Farries, Frank Thomases and Ralph Miners.

Home gatherings include dinner party to be hosted by the Gordon Aults on Martha Rd. for the Mel Colvels, Bob Creightons and Jack Gregorays, while over on Vianne Court, the Peyton Jacobs will entertain at a buffet supper for a host of friends, including Dr. and Mrs. Vincent Di Rainondi.

The Ernest Fernstens will join the Ted Rivers' at the Al Clement's abode for a barbecued steak dinner, and the popular potluck party will precede the dance for those invited to the Vic Kingstons on Daryl Drive.

The George Driscolls, Robert Pridemores, and Howard Gardners will also be among those hosting pre-dance conclaves. Ditto the Dick Dildines, who are co-chairmaning the entertainment for the Diablo event and whose orchestra will provide the danceable medleys.

FOR LAST MINUTE TICKETS, you can get them at the door! \$3 per couple to help fill the school library bookshelves!

## Resident Reminisces Days In China on 90th Birthday

By ESTELLE GIRANDE

When the former evangelist and educator, Mrs. Florence Manly, observed her 90th birthday last week, she was able to reminisce a long and eventful life, as well as a fruitful one.

Forty of those eventful years were spent in China, where she and her missionary husband established primary and higher educational institutions, a hospital, and the first medical-dentistry college.

THEY ACHIEVED and viewed at first hand tremendous changes. This they did despite being the first Caucasians to enter and live in a far western Chinese province, where they had to combat centuries of superstitious beliefs, including the accusation that all Caucasians were "eaters of the flesh of Chinese children."

In later years, one of their daughters, Dr. Marian Manly, was responsible for the opening of the first school of midwifery for Oriental women. The school was able to cut down the unbelievable rate of mother and infant mortality — the latter was as high as 50 per cent. She served as an obstetrician and missionary educator for 25 years until her imprisonment and deportation by the Chinese Communists in 1951.

The now frail, gracious, and still beautiful Mrs. Manly and her daughter, Dr. Marian, recalled the many friends who called in observance of her birthday, at their home at 2145 Hillside Avenue, Pleasant Hill.

BOTH MEMBERS of the Walnut Creek Methodist Church, Mrs. Manly is also a member of the Golden Age Club. Dr. Manly is associated with the Well Baby Clinics of the County Public Health Department.

Fond of gardening, though no longer able to take an active part in this hobby, Mrs. Manly observed that the range of climate here was similar to that of the Chinese province to which she was accustomed.

Though the seasons are reversed, the same flowers are cultivated. These include Chinese lilies, flowering peach, chrysanthemums, narcissus, and roses. She pointed out, "Western China was the origin home of the fine roses, though we have since developed a few American roses, in addition to the wild roses."

"THESE DAYS I miss mostly the companionship of my Chinese friends and the missionaries we knew," she said regretfully. "We were very close family-like members of one big family. Though there were quite a number of denominations, we always worked as one. If I corresponded with any of them, they would suffer."

Hanging horizontally on one wall of their living room are four 45 foot long and 14 foot wide Chinese scrolls. On the satin are embroidered the names of the graduate students of the high school established by her husband, W. E. Manly.

They include many who have since become prominent leaders, and one name is that of the first Governor of the Province during the time of the short-lived Republic of China.

NATIVES OF IOWA, the Manlys left the United States in 1893, arriving in the far west Sze Chuan Province. Then from 1903 to 1909 they lived and worked in Tze Chou, a city of 25,000 people. Here they opened the initial mission and school that taught Christianity in that section of the country.

"At first the children ran in terror at the sight of us," Mrs. Manly laughingly recalled. "Then very slowly they became curious. Our Chinese cook was asked after we — my husband and I — killed the children, just how did he go about preparing the flesh for us to eat?"

"Our cook had quite a time of it explaining this was not so," "Another curious thing was, as more Caucasians arrived or passed through the section, they were given our surname and referred to as a 'Manly'."

SHE CONTINUED, "When we first arrived, we found no Chinese nationalism. Rice was all important and what the people lived by. But after my husband opened the first high school for boys — unlike the girls they were tutored and given elementary schooling — they began to realize the importance of building up their country."

The Bible and Bible teaching taught them to love freedom and people. We found they read and accepted the Bible quicker than did American boys."

Keenly interested in the education of the Chinese girls who were able to learn only by evesdropping on the tutoring of their brothers, Mrs. Manly started the

first primary school for girls in Tze Chou.

Over the 40 years spent in China, she was a first-hand witness to the advancement and equality of women. From the secluded, docile woman the Chinese woman emerged educated, equal, and entered many professions.

THE MANLYS helped build a large Methodist hospital with the aid of the Chinese people. Americans, Canadians, and European doctors were the only ones available until about 1910. Then five missions united to open a university in Tze Chou to teach the Chinese. The first medical and dental college for many years attracted students from as far off as Korea and Manchuria.

## 'Henry Aldrich' Play is Next for Curtain Callers

"What a Life," the Broadway comedy by Clifford Goldsmith which was the literary birthplace of Henry Aldrich, will be the next major production of the Curtain Callers, a high school dramatics group of the Orinda Art Center.

This was the play which, in its five month run at the Biltmore Theater in New York, gave a start to several seasoned actors, among them Eddie Bracken and Ezra Stone, who was the original Henry.

Jackie Cooper was starred in the movie version, and several actors followed in the part of the radio serial.

The locale of the play is at Central High where Henry's difficulties with girls, teachers and parents pursue him.

The cast is large, and members of the Curtain Callers may bring interested friends to the reading and first try-outs Monday at 7 p.m. at Judy Henderson's home, 32 Loma Vista, Orinda.

## Red Cross Sets \$29,000 Annual Fund Drive Goal

The American Red Cross this week began its annual drive for members and funds. Mt. Diablo Chapter will seek to enroll 12,000 members during March, and to raise \$29,000 to carry on its 10 service programs, Eldo T. Ewert, chairman, announced.

**SEE EDITORIAL PAGE**  
"This year's slogan, 'On the Job When It Counts,' points to the role the Red Cross plays in time of disaster or emergency, as well as its many vital services in every-day community life," Ewert said.

**THE WORK OF THE** Red Cross is that of one neighbor helping another and of organized effort serving the community and nation whenever the needs arise. "Support of the community is essential, in membership and in financial support, for the continued success of our vast programs of assistance to the Armed Forces and hospitalized servicemen and

their families, to continue instruction in First Aid, Nursing, Baby Care and Water Safety, and to perform the many other duties assigned to the Red Cross by Congress."

**PAUL M. MOORE**, deputy manager of Pacific Area of Red Cross, spoke to the local Chapter on Monday at its quarterly board meeting, when volunteers received final briefing for the current drive. A film, "Report of '57," was shown, highlighting Red Cross activities over the past year.

Fund goals for the communities within the Mt. Diablo Chapter area were announced to be:

Orinda, \$7000; Canyon and Moraga, \$350; Lafayette, \$750; Danville and San Ramon, \$1700; Alamo, \$1300; Diablo, \$500; Walnut Creek, \$8500; Pleasant Hill, \$1100; Sun Valley, \$650; Ygnacio Valley, \$400.

## Girl Scouts' Cookies Sale Launched Here

Girl Scouts throughout the Diablo Valley area this week launched their annual cookie sale to raise funds for the coming year.

The cookie drive runs through March 23 in Contra Costa County.

The bulk of the proceeds from the cookie sale in this area go for camp site development of the 65-acre Twin Canyon Camp on Springhill Road and to the camp in the high Sierras.

Money will be used for poison oak elimination and to establish trails in the camp sites, plus allaying some troop expenses.

Last year's fund paid for a shelter constructed to afford protection to girl campers during bad weather.

Girls selling cookies are able to earn camperships as well.

## Statesmen to Attend Confabs

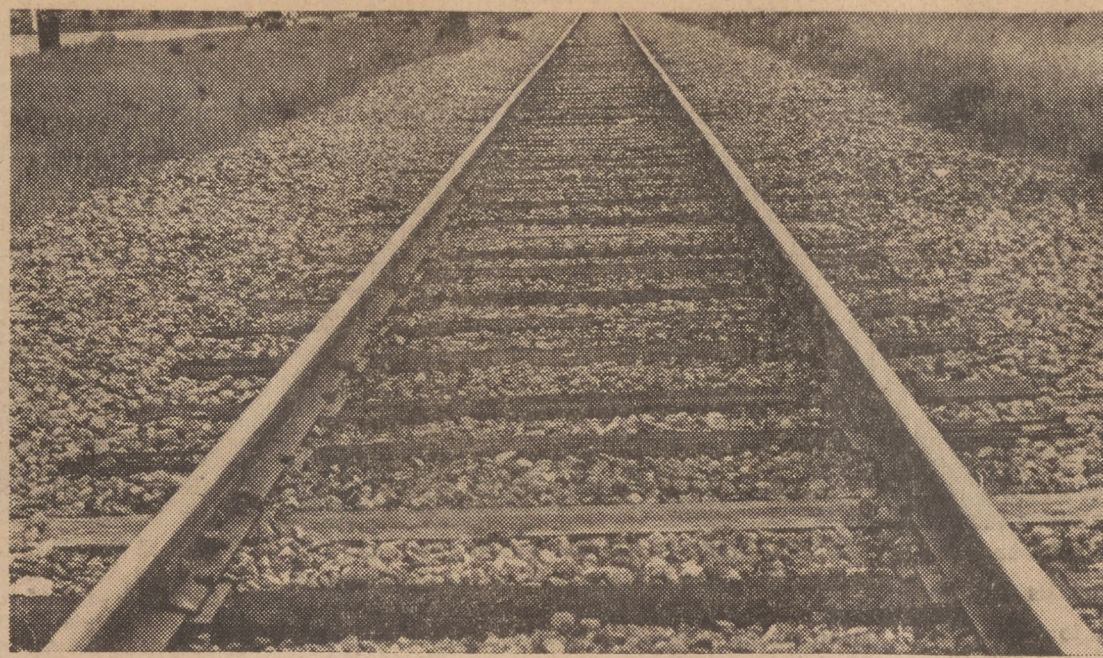

The Las Lomas Chapter of Junior Statesmen held its regular, semi-monthly meeting on February 27.

President Norm Farquhar announced plans for Chapter participation in elections on Wednesday, when the Student Body voted on the ratification of the new Las Lomas Constitution.

Also announced were the dates of future Conventions at which the Las Lomas Chapter will attend. They are the state convention at Bakersfield, April 5-6 and the Golden Gate Regional at El Cerrito High School on March 23.

In order to attend students must submit one piece of legislation and pay registration fees.

Only a certain number of delegates may attend the Convention. After the business meeting King Crosno, attorney from the North American Title Company, spoke on economics. He explained causes

**WHAT WILL IT BE?** Here's a portion of the Sacramento-Northern track and right of way which will soon be abandoned by the railroad. The Central Contra Costa Sanitary District has proposed that the right of way be used for sewer lines and the county has urged that portions be used for county roads. Other groups have suggested the right of way be used for horse trails and in the Redwood Canyon area be used for hiking trails.

## Doug Cowan is Jaycee of Month; Is Hard Worker

Doug Cowan has been awarded the title of Jaycee of the Month for February, by the Walnut Creek Junior Chamber of Commerce.

Cowan was cited by Club President Tom Clarke for his efforts as chairman of the Leadership Training Committee.

He spent many hours compiling statistics for designating "spark plug" members, and has prepared the club for several current programs.

Jaycee of the Month in January was Jim Axton, in December, Bruce Copeland, and in November, Bill Flynn.

## Subdivision Ordinance is Discussed by Factions

Viewpoints were compared Saturday morning by all interested groups on the proposed amendment to the County Subdivision Ordinance 820, which originally would have applied stiff subdivision requirements to the development of two or more lots, and would have required submission of maps to the county for conveyance of any portion of a piece of land.

The intent of its supporters was to eliminate the practices of "bootleg subdivisions," where large land developments accomplished only two lots at a time without controls as to drainage and the like.

Representatives of the Contra Costa Real Estate Board, the General Contractors Association, Pleasant Hill Civic Council, the Engineering and Survey Society, several title companies and the planning department talked it over Saturday.

**AFTER FINDING** some areas agreement, they decided to meet again March 16 in the planning department chambers, Martinez. Before then, the opposition forces will give their suggestions to the planning department, and without complications, the Planning Commission should receive joint recommendations of the entire "committee" on March 19.

Deputy District Attorney Matt Walker explained the proposed amendment during the three-hour session, Saturday.

Realtor William Anderson of Walnut Creek voiced objections of his group to the amendment, and said that his side will have definite proposals for consideration.

**RALPH BECKER**, of Pleasant Hill Civic Council, which started efforts to pass the amendment, said that he and his compatriots greatly appreciated the manner in which the problem had been approached.

He indicated that as far as the two-fold problem, the best point of control might be in keeping accurate and up-to-date records on the issue of building permits.

Present at the meeting were Becker, Anderson, Alan van Sinden of the Pleasant Hill Council, Tom Carroll and Mrs. Robert MacHugh of the Association for the Progress and Improvement of Contra Costa County, John Lander and Arnold Ure of the Canada del Hombre Homeowners Association.

**FRANCIS PULLEN** of the Richmond Martienzy Title Company, Chet Smith, Dexter Ahlgren and Ray Brown of the Public Works Department, Clyde Cassidy, planning director of Napa County.

**L. E. Mullen** of the Contra Costa Title Company, F. R. Shipperd of the Engineers and Surveyors Association, Jack Eymann and Jack Merchant of the General Contractors Association.

Frank Ricks of the Council of Real Estate Boards, William Zion of the Lafayette Improvement Association, J. L. Cooley and W. M. Coffee of the San Ramon Valley Improvement Association, J. B. Wickensham of the Pacific Telephone and Telegraph Company, James Wells of the Pleasant Hill Council.

**J. H. Carter**, Barney Gilbert and Anderson of the Contra Costa Board, and Tom Heaton, Russ Griffith and Dick Coleman of the Planning Department.

**Conservation is Board Agrees To Rezone Land For Horse Owners**

Nine Walnut Creek area landowners recently succeeded in "upgrading" their land's zoning from third-acre to half-acre residential, in order for them to keep horses on the premises.

Under present county law, landowners cannot get a private stable permit in a third-acre zone. This holds true even if the owners hold more land than a third of an acre.

The arrangement didn't seem fair to landowner Nathan W. Kaster, who lives in the area south of Mt. View Drive between San Miguel Road and Palmer Avenue, southeast of Walnut Creek. Kaster, and eight of his neighbors, are surrounded by half-acre zoned property.

In his plea for re-zoning to the county planning commission Kaster described how he and his neighbors in the six-acre "pocket" have been able to look out their windows and see the horses and chickens of their more generously zoned neighbors without being able to enjoy the same privileges.

The county supervisors were very sympathetic to Kaster's suit and rezoned the six acres.

Planning Director Thomas G. Heaton pointed out that a survey is currently underway on the stable problem of third-acre zones, but the board agreed there was no reason to hold up things for six months while awaiting development of the survey.

**Church Services**  
Sunday marks the observance of Girl Scout Sunday as the opening of Girl Scout Week, with Diablo Valley Area Girl Scouts attending religious services in the church of their choice.

The pattern of green uniforms in church pews will be repeated in communities across the country as each girl in her own way renews her promise: "On my honor, I will try to do my duty to God and my country."

## No New Flood Bond Issue; Taxes Same

The recommendation by the Zone 3-B (Walnut Creek watershed) advisory committee that no new bond issue election be attempted during the present year has been accepted by the Board of Commissioners of the Contra Costa County Flood Control and Water Conservation District.

District bond issue elections have failed in the past two years. According to Commission Chairman Thomas Wanasack, however, only through a major finance measure can the district hope to provide the needed flood control projects.

Commissioners voted on February 26 to keep the present tax rate in the Zone 3-B area at 20 cents per \$100 assessed valuation. The district is limited in its taxing power and can levy only 2 cents district-wide and 18 cents in each of the various zones.

The advisory board also recommended employment of an administrative assistant to District Engineer Carl C. Rich.

The assistant is needed to perform public relations duties in keeping the public informed in district matters, the advisory board agreed. Flood commissioners directed Rich to initiate a study to determine the specific duties of such an assistant and to submit his findings at the next meeting.

Commissioners also approved a study of a program that would clear and maintain present drainage channels throughout the entire flood control district in this county. There is a total of 57 miles of channel in the district.

## County Considers Hiring Specialist To Inform Public

The hiring of a full-time lobbyist for Contra Costa County is under consideration by the county supervisors.

Employment of a public relations representative to keep the public informed regarding legislative matters in the state government has been on the agenda of informal board discussion for over a year, but duties, pay and tenure have never been discussed.

The county supervisors have directed County Administrator D. M. Teeter to review a brochure submitted by a Concord firm which outlines the public relations post and to submit his recommendations before plans are finalized for the 1957-58 fiscal year.

**ACCORDING** to Supervisor Ivan T. Goyak of Richmond, a lobbyist is "badly needed" to inform the public regarding many of the 7000 bills introduced in the current State Legislature, particularly those involving taxation and the county's position on various problems.

Goyak said also that someone is needed in Sacramento during legislative sessions to report on bills introduced which are of interest to the county, and to relay to the legislators the position of the county in these matters.

**WHEN THE Legislature** is not in session, the new employee would work to establish and maintain better communication between county officials and the public, Goyak said.

In addition, he would prepare news releases on governmental issues, arrange meetings between citizen groups and county officials and supply these citizen groups with information on county policy and administration, according to Goyak.

## Kindergarten Program is Topic, Monday

Parent Education Director of Parkmead P.T.A., Mrs. Paul Pratt, announced that Dr. Katherine Bishop, District curriculum director, will speak at a meeting in the library of the Parkmead Upper Grade school at 8 p.m. Monday.

Dr. Bishop will discuss the Kindergarten program, including reading readiness. She will conduct a question and answer period after her talk.

Mrs. Pratt stated, "The series of four evenings the study group held on subjects pertaining to the kindergarten child were most successful and well attended."

"All interested parents were invited to attend this meeting whether they attended the series or not. It will be of interest to persons having children in kindergarten and those who will have children entering kindergarten in September," she added.

## \$275,000 El Nido Sale Negotiations in Progress

Negotiations for the sale of El Nido motel and restaurant in Lafayette are in progress.

The popular ranch-style properties are being bought for a reported \$275,000 by Murray Lehr, managing director of Berkeley's Claremont Hotel, Hotel, according to the buyer's broker, George Pittman of Mason-McDuffie Company of Lafayette.

**PRESENT OWNERS** Edmund S. Barnett, a Walnut Creek attorney, and Mrs. Dorothy LaRue are being represented in the negotiations by Nick Carter of Highland Realty of Walnut Creek.

Barnett, who with Mrs. La Rue has owned El Nido since 1950, indicated that an option on the property still belongs to Evans Bargman, lessee of the restaurant and cocktail lounge.

Although sale of the facilities is still pending, Lehr said that he in-

tends to expand the 31-unit motel and add innovations to the property.

**INCLUDED** in his plans is an outdoor ice-skating rink, which he said would be ready for use this summer.

The seven-acre property also has a swimming pool.

Pittman reported that Lehr also intends to enlarge the restaurant's banquet facilities and the entire operation.

**HE ADDED** that when the Lafayette By-Pass is completed early this summer, patrons will have easy access to El Nido.

Lehr said the transfer is in escrow now. The restaurant and bar will continue to operate under separate lease, he added.

El Nido restaurant has been used as a meeting place by numerous local civic groups and organizations.

## Area Woman Elected to Head Post

Mrs. Elaine B. Johnson of Walnut Creek is the only woman in California who owns and operates single-handedly her own pest extermination service, she told The Sun this week, after being honored in Millbrae.

During an annual meeting in Millbrae, she was elected chairman of the North Coastal District Pest Control Operators Association of California, Inc.

This puts her at the head of a large organization which has been serving exterminator groups in the area for decades.

Other area people who are officers with the association are James Thompson of Pleasant Hill, vice chairman; J. W. Killinger, secretary; and Rocky Morin of Alamo, treasurer.

Mrs. Johnson was secretary of the group last year. She is a resident of 2970 del Hambre Lane, Walnut Creek.

## Purchasing Agent Ordered to Favor Local Businesses

Contra Costa County supervisors have ordered County Purchasing Agent Charles Hornback to "do everything humanly possible" within state law to favor local taxpayers when purchasing goods and services for the county.

Hornback has been directed to notify and solicit bids and informal price quotations from all interested Contra Costa County businesses when making his purchases for the county.

He has also been instructed to give local businessmen "every consideration" in matters of service and local repair facilities where the county might benefit by lower cost.

County Administrator D. M. Teeter, however, said that preferential treatment might prove unwise.

It may lead to such "economic complications" as establishment of new firms within the county simply to participate in the preferential treatment, according to Teeter.

Other negative aspects of the matter would be the drying up of outside sources of supply, with resulting higher costs to the taxpayers, said the administrator.

Teeter also described to the Board of Supervisors proposal of several years ago which suggested a percentage preference to local firms. The proposal was discarded as being of "questionable legality."

## Mothers of DeMolays Plan Meeting

The next meeting of the Mothers' Club of the Las Trampas Chapter, International Order of DeMolay, will be held at the Masonic Temple in Walnut Creek, on Monday at 8 p.m.

New officers will be installed by Mrs. Thelma Phelps, retiring president. They are Mrs. Margaret Farquhar, president; Mrs. Irene Long, vice president; Mrs. Lieu D. Gray, recording secretary; Mrs. Lottie Ashley, treasurer; and Mrs. Muriel Stratton, corresponding secretary.

Mrs. Alyce Ruff, past president, will give a brief history of the Mother's Club. All mothers of DeMolay boys are urged to attend.

## Vet Exemption Date Announced

Veterans who want the \$1000 tax exemption on property are notified that May 27 is the final deadline for the annual filing period, according to County Assessor C. L. Dunkles.

Interested and eligible veterans are to have established their interest in a recorded instrument in the county where the property is located.

"A few veterans always forget," said Dunkles, "that the property tax exemption must be applied for each year. They never forget more than once if they have to pay the additional taxes."

Veterans who received the exemption last year have had affidavits mailed to them, and may return by mail. Veterans filing for the first time must appear at the office.

Eligibility is limited to veterans not owning property worth \$5000 or more — assessed value usually being meant. Others who frequently qualify are the widow or widowed mother of a veteran, or the pensioned mother and father of a veteran.

Dunkles points out that all property owned by an applicant must be considered, regardless of where it is located.

Veterans may file at the County Court House, Martinez, or at 100 37th Street, Richmond.

## Juvenile Hall Dinner-Fete Is March 28

The County Juvenile Hall Auxiliary will hold a dinner dance, March 28 at the El Nido Ranch in Lafayette.

Mrs. Donald William is chairman of the fund-raising event. Jerry Waldie will be master of ceremonies.

All proceeds will go for current projects by the Juvenile Hall Auxiliaries, according to Mrs. Robert Adams, a county vice president representing Walnut Creek, Orinda, Lafayette, Danville, Alamo and Diablo.

Cocktails will be served at 8 p.m., and dinner will begin at 8. Dancing to Maurice Anger's Orchestra will continue until midnight.

The organizations board of directors will meet next Thursday at 10 a.m. in the Juvenile Hall.

### Local Family Pays Visit to Disneyland

Recent guests at Disneyland Hotel were Mr. and Mrs. J. H. Gallagher, of 28 Marston Road, Orinda, and children Sandy, Mary Jo and Bobbin.

ENGLISH INSTRUCTOR William Kauffman, left, of the Acalanes Adult Center, explains English usage to Hungarian refugees, left to right, Pal Boross, Martin Sinai and Zoltan Balogh. The instructor and the pupils are starting from "scratch" according to Kauffman who reports that "he doesn't know Hungarian and they don't know English. However, we are making progress."

WILLARD HAUNSCHILD of Walnut Creek and Otis Martin of Pleasant Hill, standing, two of the American sponsors who have taken Hungarian refugees into their homes, check over an English-Hungarian dictionary with, left to right, Joseph Musci, a former electrician; Ferenc Czirkelbach, former machinist; and Zoltan Balogh, engineering student at the University of Budapest before the Hungarian revolt against communist oppressors. None of the local American families sponsoring the refugees speaks Hungarian, and only one of the Hungarian group of 11 speaks limited English. "Until just recently," according to sponsor Haunschild, "all discussion has been limited to gesture and sign language."

WILLIAM KAUFFMAN, at left front, English instructor, of the Acalanes District Adult Center, plays back a recorded tape of a class discussion to Hungarian refugee students in an English class for the foreign speaking. In the group, left to right, are Martin Simi, Pal Boross, Joseph Istran, Attila Jecsenszki, Zoltan Balogh, Joseph Musci, Pal Szloboda, Janos Istran, and seated foreground, Ferenc Czirkelbach. They are now living with sponsors in Pleasant Hill and Walnut Creek. Most of the group escaped across the Hungarian border to Austria in late November and early December and were immediately sent to their American sponsors through the Lutheran World Refugee Service after a brief processing at Camp Kilmer, New Jersey. The majority are still seeking "any kind of gainful employment."

Acalanes High School senior class dramatic students will present "I Remember Mama" tonight and tomorrow night at 8:15 each night in the Don gym. Tickets may be purchased from Acalanes students at the door.

A long-run record-breaker on Broadway and a Hollywood movie, "I Remember Mama" is based on the novel "Mama's Bank Account" by Kathryn Forbes, well-known San Francisco writer.

As with the New York play, motion picture and television adaptation of Kathryn Forbes' story, the play is set in San Francisco in the early 1900s.

THE ACALANES production will feature Phyllis Dail as Karin, Julie Dees as Mama, Smed Ambler as Papa, Cheryl Etzler as Dagmar, Dolores Roesechen as Christine, Allen Shapiro as Mr. Hyde, Paul May as Nels, Elin Rasmussen as Aunt Trina, Priscilla Meyers as Aunt Jenny and Fritz Borst as Uncle Chris.

Two of the featured players, Elin Rasmussen of Denmark and Fritz Borst from Germany, are exchange students attending Acalanes this year.

Others in the cast include Virginia Johnson, Robert Steuben, Robert Rupley, Thomas Glimmer, Kyla Houston, Susan Wasson, Biff Baker, Marlene Starling, Natalie Pray, Ann Rapoport, William Deubner and Lynn Henrietta.

THE PRODUCTION is directed by dramatics instructor Bert Trussan, assisted by student production aides Norma Waddell, James Knight, Ann Sonntag, Biff Baker, Jane Colin, Ann Hightower, Sherril Leracari and students on the Acalanes stage crew, with Miss Betsy Pembroke stage crew instructor.

The general public is invited to both performances. Tickets are \$1 for adults, 75 cents for students. The senior play is an annual production at the Lafayette high school.

## Moraga Dateline

By EVA THUNE, DR 6-5593

THAT WEATHER Speaking of the weather—but who wants to speak of the weather? Now let's have some sunshine.

No water in the front ditch, it's all going down the drain.

The hills are beautifully green and lush with grass. The cows are happy and so are we, so now the sun can come back.

The Junior Horseman's Club took its all-day snow trip recently. Rained all day, so they arrived home early. However, they had fun.

MOTHERS CLUB The regular Moraga Mothers Club meeting was held at the Moraga School.

Mrs. Betty Parker, president, tells me how happy she is with the enthusiastic response in attendance this year.

AND BIRTHDAYS . . . A belated happy birthday to Miss Jane Davis, who turned 9 years on February 19, and had her birthday party on Saturday, February 16.

Also to Miss Francine Zillich, 7 years old on February 22. Francine celebrated with a party for her friends on Saturday, February 23. In spite of the rain, they had lots of fun.

To my boss, Postmaster of Moraga Postoffice, Mrs. Elinor Dickenson, a happy birthday—it was on February 27.

On Saturday, February 23, a new baby boy was born to the Jim Careys of Rheem Boulevard. Brian James, so named, was born at the Kaiser Hospital at 1:30 a.m. He weighed 8 pounds, 11½ ounces, and was 22 inches long.

Sisters Janice, 4, and Susan, 2½, are so excited about their brother, and of course, so are mother Carol and father Jim. Carol is again by now and feeding human again.

REAL BIRTHDAY Speaking of birthday, a young man, Thomas Howard Preece, son of Dr. and Mrs. Howard Preece of Rheem Boulevard, first saw the light of morning on February 12. Weighing in at 6 pounds 8 ounces at the Kaiser Hospital in Walnut Creek, he showed promise of strong-mindedness by arriving a few weeks before expected.

Sisters Mary, 4, and Holly, 3, are greatly excited about their brother, and word has it that there is a mighty proud papa in the Moraga area. Congratulations to all of you from all of us!

Miss Marge Gloria, daughter of the Armado Glorias of Larch Road, left by plane a recent morning for Acapulco, Mexico, for a month's vacation. She has an extensive tour planned, intending to see all she can. Sounds great to me.

LADIES TAKE OVER February 13, was the Lion's Club Ladies' Night. Valentine Dance, held at the El Nido. A large affair, it included the Moraga, Orinda, Lafayette and Montclair Lion Clubs. About 200 people attended.

Part of the excellent entertainment was a skit, written by Bill Wall, owner and operator of Park's Market Char-Broiler, who, it appears, is an amateur writer with experience.

Bill condemns his own production because of unavoidable accident.

### PLAY OPENS TONIGHT

The class of '57 will present "I Remember Mama" tonight and tomorrow night in the Acalanes gym.

Don't forget. 8:15 sharp each night, in the gym—the senior play! Get your tickets now!

You'll see such well-known seniors as Smed Ambler, Phyllis Dail, Cheryl Etzler, Jill Pinkus, Susan Wasson, Natalie Pray, Priscilla Meyers, Bob Steuben, Julie Dees, Dolores Roesechen and Paul May.

### IN THE SWIM

Swimmers made their first appearance recently. The first swim meet of the season was held here at Acalanes against Vallejo.

Junior Statesmen who initiated a new and startling pastime for lunch just last year have once again attempted successfully a Pizza a Sale. Acalanes students were seen wandering around the halls nibbling on a hot piece of Pizza at 10 o'clock on a recent morning.

Last week the exchange students spoke at our assembly. Telling us about their countries and customs were Kamran Hakim, Maria Zorbanou, Peter Gerlicher, Elin Rasmussen and Fritz Borst.

Each student touched a little bit on the life of a teenager in his country. Kamran from Iran told us a little more about the geography and history of his country.

FAR-AWAY LANDS Maria from Greece explained to us more about modern Greece rather than the Greece we find in history books.

Peter and Fritz, both from Germany were able to cover quite a few angles of the life led in their country. Finally Elin from Denmark emphasized the difference in transportation methods between our two countries. Where we use cars in everyday transportation needs, they travel on bicycles.

Each of the students expressed a warm thanks for the opportunity of coming to our country. They also encouraged everyone to take part in the American Field Service program.

Don artists took a total of 38 awards: 10 gold keys and 28 certificates of merit.

Gold key winners Linda Searith and Jerry Andelin also each received two certificates of merit, while key winners Louis Enright, Bill Newton and Elin Rasmussen each won certificates of merit. Miss Searith received two keys.

Other key award winners include Kathy Pfeifer, Lolaine Wild and Laura Burton in the senior division and Margaret Thompson in the junior division.

Certificates of merit in the senior division of competition were awarded to Gary Hayes and Cheryl Etzler, each of whom received two certificates, and Stuart Jackson, Richard Wing, Nancy Jo Smith, Roger Almond, Darlene Oliveira, Pam Baker, Harold Ecklund, Judy Parker, Barbara Gibbs, Dick Jencks and Art De Villers.

Junior division certificate winners were Judie Bauer, who won three certificates, and Linda Anderson, Diane Wallace, Marilyn Jamison and Roger Johnson.

Award winners are students of Keith Wooddell and James Crawford, Acalanes art instructors. Entries awarded gold keys will be forwarded to Pittsburgh, Pa., for judging for national awards.

The present crisis in Egypt will be the subject of an address by Abdel El-Khedry, Egyptian consul general in San Francisco, at St. Mary's College next Wednesday.

Hosting the event will be the St. Mary's Debate Society, under the direction of chairman Robert Kayyem, of North Hollywood.

The lecture, which will be presented in De La Salle Lounge on the St. Mary's campus beginning at 8 p.m., is open to the public. There is no admission charge.

Recent guests at Del Monte Lodge in Pebble Beach, Calif., were Mr. and Mrs. S. W. Coombs, 25 Hacienda Circle, Orinda.

Members of the panel will include Frank Ross, dean of boys; Miss Naomi Giddings, dean of girls; Mario Guarnieri and Suzanne Lindsay, freshmen, and Bill Houston and Carol Griffiths, sophomores.

A report on the fund-raising card party to be held by the Parents Club the afternoon of April 25 at the high school will be given by Mrs. George Fraser, chairman.

Before the panel discussion a short business meeting will be conducted by Mrs. Jack Walling, president.

Refreshments will be served at the close of the evening by the hospitality committee, under the direction of Mrs. Ralph C. Glass, chairman.

## The Listing Post... How About Public Seminar With Tips for Home Buyer

By BILL HAYWARD  
ACCORDING TO WHAT I HEAR... from the General Contractors Association of Contra Costa County a course of study is in the planning stages for instructing the home buyer on HOW TO BUY A HOUSE!... another new wrinkle... I sometimes feel that some buyers already know too much... instead of... not enough... however, a school to alert "MR. MRS. HOME BUYER" to the pitfalls of HOME BUYING... is, I do believe, a very sound idea.

**THE IDEA BEHIND THE PLAN** stems from a pilot school session recently held in Detroit as a trial program. A four-day conference was held in one of the high school auditoriums sponsored by the National Association of Home Builders. It is to better acquaint the general public in methods of selecting a building site, a floor plan, design, square footage and lot size, the builder and realtor plus the all important money angle and plan of financing. The sessions had large attendance and showed enthusiasm. From the amount of questions asked and from the number of housing problems settled at this gathering I am of the opinion that a seminar of this nature right here in the Walnut Creek Area would meet with a like amount of reception.

**QUESTIONS ARE UNANSWERED**  
After the comment on the recent discussion on Cal-Vet loans it seems to me that many questions still go unanswered in regard to basic information about "How to finance the purchase of a home." A phone call from an Orinda resident came to my attention on Tuesday of this week about adding a room on to an existing home and the question concerned whether or not this could be accomplished along with refinancing the entire property with a new California Veterans loan. I was able to answer the inquiry in part and also directed the caller to the right person at the Cal-Vet office in Oakland to get the "up to the minute dope" direct from the horse. RESULT?... information delivered!

**HOW MANY OF THESE QUESTIONS...** still go without answers?... How many of you would attend such a course? Say, for example it would require your attendance on one night a week for four weeks. Possibly the study outline might go something like this: First Period—Selection of lot, or home location. With consideration being given to ground contour, drainage and soil structure. Placement of house on property. Weather factors, wind, sun... shade trees?

**PITFALLS CAN BE AVOIDED**  
The Second Period could have Selection of house by size, condition and age. If new... the builder, type of construction, plans, architect and design. This should be a terrific session... and a good amount of time for questions and answers from the students too. (Paint, Tile, Formica, Roofing)

Third Period might tell where to put your hands on that "MONEY TREE"... financing the house and how to qualify for a loan. There are a great number of money sources if you know where to look.

The Fourth Period could include Landscape and Planting plans along with "THE CARE AND FEEDING OF A HOME" A topic where a great number of us fall down... common sense home maintenance actually can be done on a short budget at regular intervals instead of large and costly repair bills building up on a person over the years. This last session could run into a long one as there will naturally be a heap of material up for discussion on "HOW TO MAKE A HOBBY OUT OF HOME MAINTENANCE"... keep your eye on this column for the date... sometime later, early summer.

## CUSTOM CONSTRUCTION COMPANY

# Give . . . Support Your Red Cross

What will \$28,000 buy?

It will buy a lot of luxury items that wear out, and are soon forgotten, or it will buy one family a beautiful home. But it will also "buy" the complete work of the Red Cross in the Diablo Valley area for one year.

The goal of the Mt. Diablo Chapter of the American National Red Cross for this year is just \$28,000, and their fund drive has already started . . . it started last Friday.

And what will our local Red Cross buy with this money?

Their present program is only an indication of the many activities provided by this internationally famous group, but they are benefitting all of us, every day, with classes and services.

The famous Gray Ladies are still busy, provided by our chapter of the Red Cross, and are cheering the sick and wounded at Parks Air Force Base Hospital and Oak Knoll Hospital.

Drivers are provided for the Red Cross station wagons, so that the injured and sick can get out to look at the lovely scenery that we take so much for granted.

And closer to home, first aid classes

are continually in session, thus providing a backlog of trained individuals who can act with speed and accuracy if a national emergency should occur.

The largest class in Mother and Baby Care ever held in this chapter has just been completed and another class is scheduled for May.

The social welfare section is continually active, and has been even busier than usual lately trying to aid Hungarian refugees in the area resume contact with members of their families who are still in Hungary.

All this points up to the many services offered by the Red Cross, and these services cost money.

Therefore, stop and think . . . YOU may need these services, and the only way that you can insure that they will be there when you need them is to give your support.

The need for support during their annual fund drive is all the more urgent when it is considered that the Red Cross is not a member of the United Crusade, and therefore must depend on this drive for funds.

Do your part, and give as generously as you can to the Red Cross.

## Salute to Scouts, Campfire Girls

We offer our congratulations to the Girl Scouts on their birthday Tuesday, and the beginning of Girl Scout Week this Sunday.

Few organizations in the country have done more for our young girls than The Girl Scouts and their allied organization, the Brownies.

We also say "hats off" to the Campfire Girls, and their little friends, the Bluebirds, for a similar program, also beneficial to our youngsters.

You've probably been approached by some smiling Campfire Girl with a box of mints. When you buy these, you are helping that girl and a worthy organization.

Similarly, when the Girl Scouts come around with their well-known cookies, you are performing a similar service with the purchase of a box or two.

These purchases are not just an investment in cookies or mints . . . they are an investment in youth, and youth

is the most important natural resource our country has.

The youth of today will grow up to be responsible and healthy citizens tomorrow because of such well-planned, well-organized programs as those sponsored by the Girl Scouts and the Campfire Girls.

Therefore, we say support these groups, and they get our hearty thanks and congratulations for the work that they are doing.

But there is one other way that you can help, too.

It takes a lot of time, energy and work to provide a fast moving and interesting program for these energetic youngsters.

This time must come from volunteer workers, and volunteers are people just like you.

So why not help these organizations along with your time and talents. You might be surprised at the rewards you will reap yourself!

## What They Say . . .

## Delays in Rapid Transit

A light has been shining more and more brightly through the confused tangle of commuter cars and lumbering trucks that presently jam local highways.

That gleaming hope has been talk of the establishment of a nine-county rapid transit system. This is the system that would employ trains and other swift conveyances to ease the plight of commuters and other motorists.

But a sudden dimmer was put on the proposal recently when public officials asked a delay in the formation of the rapid transit district. Such a system is too expensive and too monumental to rush into, they maintain.

Will the delay prove detrimental to local motorists? Or is it better to go slow before making such a huge investment? Here's what some local folk had to say about the issue:

MRS. EDWARD G. DOUGERY, 1025 Sunnybrook Drive, Lafayette: "Certainly any help in transportation will be a big boost. I guess that the sooner they establish the system, the better."

MRS. A. W. ELKINTON, 11 Honeyhill Road, Orinda: "It seems to me we have to have something to alleviate the traffic situation. I regret that rapid transit had to be postponed. I think more heads should be put together to solve the problem right away."

MRS. RICHARD F. VERWER, Larch Ave-

nue, Moraga: "It's probably better to take our time than to jump into something we're not sure of. But I feel there's a definite need for the system itself."

MRS. FRED MUELLER, 995 Almaror Lane, Lafayette: "We may not need such a system right now, but we soon will. I don't think the delay will hurt too much at present. But if the delay continues for years to come, it could be very bad. We should plan now for population increases."

MRS. MYLAN ADAMS, 23 Via Robles, Walnut Creek: "I think that if we elect the people to govern for us we should have faith in them and they should know what they're doing about things such as rapid transit."

THOMAS K. LANCE, 11 Tina Lane, Pleasant Hill: "I'm not too sure at all about this rapid transit deal. What is it going to cost each taxpayer? We should wait to learn the answers."

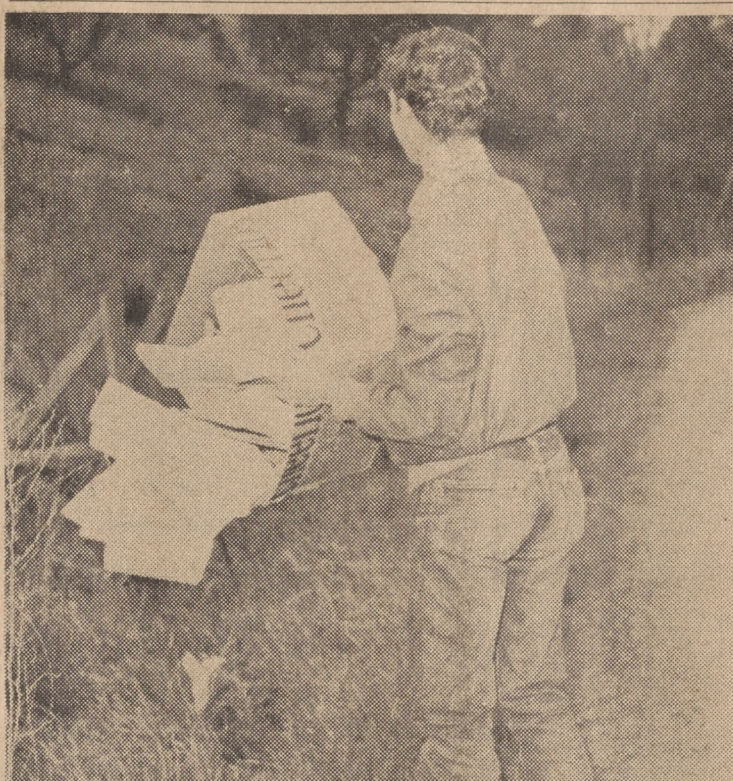

MRS. V. V. STERNIT, 3453 Boulevard Way, Walnut Creek: "I don't know just what we should do about rapid transit. It seems to be a good idea, but there are so many objections to it."

MRS. MARTHA LUNDQUIST, 678 Myrtle Drive, Pleasant Hill: "I think that if we believe in our elected officials matters such as rapid transit will be solved in the best possible way."

## Surveys, Home-Tutoring Make Life Complicated

By DOROTHY PATTERSON

One-third of one-half equals . . . This is not part of a recipe problem; it is just part of the parent home-tutoring system that is now in force in our home these days. My own little students are in three different grade levels, so these are very trying times for those of us who are not professionals.

### Questionnaires keep 'em busy

Lately our school teachers have been kept very busy by the medics and the dentists, who have sponsored four-part surveys in the treatment histories of our children's teeth, and five-part questionnaires concerning inoculation histories. 5964 gozzinta 38756 . . .

The square of the hypotenuse equals . . . Where were the legal eagles when the blank forms were printed? "Is your will up to date? When, where and how was it made?" It is just a thought for the common good.

### After algebra, their own devices

After a cursory shot at algebra theory, my kids will be left to their own scholastic devices, for I can go no further. The times will then be even more trying for us all, for the teachers will still be classifying blank forms, and I'll have to search for someone who knows how to tot a tutor.

Perhaps an ad: "Help wanted: Tutor to tutor tutor. Please fill in blank form and return to school teacher nearest you." I wonder . . .

## Enrollment Jumps Bring Funds to County's Schools

A total of \$421,464 in state funds has been apportioned to Contra Costa County school districts for attendance in the first period of 1956-57 that was in excess of the attendance during the first half of 1955-56.

High schools made conspicuous advances in attendance, said County Superintendent B. O. Wilson, notably Acalanes, 453; Mt. Diablo, 633; and San Ramon Valley, the county's second smallest high school, 116.

The total gain was 1823, for which the high schools received \$102,545.

Among the elementary schools, Pinole-Hercules Union District made a record attendance gain of 459, compared to an increase of 300 in 1955-56 over the previous year's first period.

Mt. Diablo Unified made the highest numerical gain in elementary attendance with 1661, but this figure is off from 2257 added in the previous year. Elementary districts received \$318,199 for their total attendance increase of 4646, and Contra Costa Junior College District was apportioned \$720 for an attendance increase of 15 over last year.

Apportionments for growth are made to school districts, explained Wilson, to offset the financial pinch that would occur in operating a school district of rapid enrollment increase with state funds normally apportioned on the basis of the previous year's attendance. Last year's apportionment for growth for the first period was \$449,390.

## Artist Has Still-Life Exhibition

Irma Judson, member of the Diablo Art Association is holding a "one-man" show at the Village Theater in Danville.

Mrs. Judson, a resident of 1521 Hillgrade Avenue, Walnut Creek, has been painting for about seven years. She has studied under Marion Hartwell of San Francisco, and Claire Mahl of Belvedere. She has attended classes at the California College of Arts and Crafts, the University of California and at the California School of Fine Arts in San Francisco.

She is now studying with Theodor Polos, of Oakland. Her exhibit consists of landscapes and still-lives done in a mixed-media of oils and casein. This is Mrs. Judson's second showing. Her first was hung in Walnut Creek last fall.

An exhibit of special interest to Contra Costans is being held at Louis Store in the Alamo Plaza this month. Artist Edith Dinkin has a one-man show of sketches and paintings of local landmarks. Mrs. Dinkin is a member of the Diablo Art Association, the Valley Art Center and the Bay Printmakers Society. She has studied with Robert Watson, Jonathon Batchelor and is attending classes at the California College of Arts and Crafts.

Two purchase prizes have been awarded her in the Annual Valley Art Center Competitions. She held a one-man show at Contemporary Arts in Berkeley last year and is planning an exhibit for Virginia Studios in Berkeley next month. Mrs. Dinkin lives in Walnut Creek with her husband Leon who is interested in Mosaic Art. They have two teen-age children. She conducts an adult class in oil technique on Thursday evenings in her home at 1430 Boulevard Way.

## 'More People Talking' -- PT&T

There seem to be more and more people talking in the local communities.

According to statistics released recently by the Pacific Telephone and Telegraph Company, 1271 phones were installed last year in Contra Costa County.

Although Lafayette is the largest community, phones with Orinda prefixes now number 5562, compared to 5523 in the Atlantic exchange.

But Lafayette is catching up, PT&T reported. It had 672 of last year's new phones, to Orinda's 599.

## Letters to The Editor

ABOUT SEN. TEALE

(Editor's note: The following letter from State Senator George Miller Jr. is in comment on a recent "Under The Sun" column.)

Dear Editor:

I don't know where you got your information about the Teale Resolution in respect to the East Bay MUD water allocation, but I'm happy to say that you goofed.

As a matter of fact, I opposed the resolution in the Rules Committee voted against it, and as a result of my arguments, the bill was only let out of committee with the understanding that it would remain on file until I could get all the parties together and work out the differences, which I have proceeded to do.

Senator Breed and I arranged some meetings with Senator Teale and State Water Director Harvey Banks.

They resulted in an agreement to protect the interests of the people of Senator Teale's district and still permit us to get the allocation of water.

In accordance with the agreement that we worked out, I think you will find that the allocation will be firm on February 21 or shortly thereafter.

As it now stands, Teale got his protection; we killed the resolution; and we got the water, and I think everybody's happy.

GEORGE MILLER JR.

17th District

## The Years Have Changed The 'Country Slickers'

By HERMAN SILVERMAN

I've always figured it was rather useless to quote an item from the Reader's Digest or Time, because of their high readership. This week, however, I'll break the rule for the first time because it's on a subject very close to us on The Sun. Several weeks ago Time printed a story, "Country Slickers," and here are some excerpts:

### Weeklies have a new voice

"Metropolitan newsmen who daydream of retiring to a country paper have long viewed weeklies more as a rural retreat than an influential segment of the press. But with the swift growth of suburbs and small towns since World War II, weeklies have largely shed their cracker-barrel ways, developed sophistication and a new sense of mission.

"Today they are the fastest-growing publications in the United States. Weekly Newspaper Representatives, Inc., reported last week that the 8,478 weeklies in the U.S. in 1956 reached a paid circulation peak of 18,529,199, up 6.5% over 1955. Estimated gain for the 1,700 dailies (total circ. more than 56 million): about 2%.

"Advertising in weeklies increased 1.2% to a record \$112 million; this includes a 30% jump (to \$25 million) in national ads since 1954 vs. an estimated 10% gain for dailies.

### Finding a new voice

"The weeklies' resurgence reflects editorial as well as economic vitality. In addition to relaying the back-fence chitchat on which weeklies have traditionally thrived, the papers are the only interpreters and watchdogs of the local government in hundreds of U.S. communities, whose problems, aims and achievement go largely unrecorded in the metropolitan press.

"We wouldn't be here if the dailies hadn't created the void in the first place," says a staffer on Seattle's weekly Argus, which has beaten the city's dailies on big local stories . . . the Argus came out with a scorching editorial — first to appear in any Seattle paper — condemning the Teamsters Union in Dave Beck's home town for its "affront to the public" in refusing to answer Senate investigators questions.

"John Gurwell, publisher of Houston's suburban Bellaire Texan and River Oaks Times, says that weeklies "are giving back the home town" to suburbanites who have lost contact with community responsibilities.

### No more bumpkin prose

"In many areas, fast-growing suburbs have produced weekly and semi-weekly chains that are as slick in appearance and informative in content as their city cousins. Chicago's Arlington Heights Herald and seven other suburban weeklies (combined circ. 20,630) owned by Pad-dock Publications led all U.S. weeklies last year in advertising volume.

"Cleveland's Heights Sun-Press (cir. 29,000) serving 14 communities, runs a regular Washington column on subjects that affect suburbanites, boasts that none of the political candidates or school bond issues it has backed in 12 years has been defeated.

"Even outside metropolitan areas, most small-town weeklies, from the Reedsport, Ore. Port Umpqua Courier (cir. 1,620) to the Lexington Park (Md.) Enterprise (cir. 2,356), have thrown out the smudgy type and bumpkin prose that once characterized the weekly press, now run staff-written stories and editorials instead of boilerplate and canned sermons that once crammed country papers.

### Movement from the cities

"The old time jack-of-all-trades country editor has been largely supplanted by trained staffs. Lured out of the cities by the prospect of editorial and economic independence, trained newsmen in increasing numbers are bringing professional standards to weekly newspapering.

"Though once renowned for their timidity, many weeklies have developed the crusading spirit that has vanished from many a fat-cat daily. In the two years since the Austin Texas Observer was founded by Editor Ronnie Dugger, 26, it has played a leading role in exposing Texas insurance scandals.

"Santa Monica's weekly Independent, in competition with a local daily as well as the Los Angeles press, has become one of the biggest U.S. weeklies by giving readers four-alarm coverage of gambling and other crimes that it charged were ignored by the local government.

"Three weeks ago in Washington, D.C., dailies ran stories on the victory of Virginia Beach, Va., Publisher J. Wilcox Dunn in his fight against the local Democratic machine. His Princess Anne Free Press won \$65,000 damages — biggest libel award in Virginia's history — from a machine-owned opposition weekly that said Dunn "survived by lies."

### Courage in the south

"In the South, many weeklies have consistently taken a more liberal stand than the region's big dailies on the touchy desegregation issue. In the midst of the race riots in Clinton, Tenn. last December, Weekly Editor Horace Well's Page One Courier-News column calmly argued for peaceful integration of Clinton's high school, helped elect a pro-integration slate to the city council.

"Georgia's Eastman Times-Journal, which was credited with killing off a postwar revival of the Ku Klux Klan in Georgia in 1950, has been one of the few papers in the South to urge Negro voters to go to the polls.

"Since weeklies are closer than dailies to readers and advertisers and more vulnerable to the pressure of advertisers, they are often hit by economic boycotts. But few editors cave in under such threats — or worse.

"In Granite City, Ill., after Editor Cornelius Townsend had waged an editorial campaign against organized gambling in the community, a hoodlum recently emptied his revolver into Townsend's Press-Record office.

"Echoing many a fighting editor before him, Townsend said: "Maybe they'll scare hell out of me someday and I'll quit. But I don't think so."

## Saki Served At Japan Prints Show

Saki was served in the traditional manner at the Valley Art Center last Friday night at a preview showing of an exhibition of Japanese ukiyo prints.

The collection, loaned by Mr. R. E. Lewis, San Francisco art dealer, will be on exhibition at the center, 3420 Mt. Diablo Boulevard, throughout March.

The Lewis collection of prints of the ukiyo school is reputed to be one of the finest in the world. The show includes a sampling of prints illustrating the evolution of printmaking in Japan.

The earliest works, dating from the early 18th century, are simple black and white prints characterized by their bold lines and vigor.

The next step is represented by a series of hand colored prints, the predecessors to the two color print.

Among the interesting techniques of this period was the application of powdered gunmetal with glue. The result was a lacquered effect.

The ukiyo school reached its zenith during the late 19th century and many prints of this period are featured in the show.

The show was hung by Lyle Lund, exhibition chairman of the center. Serving as hostesses during the evening were Mesdames Richard Ward, Edmund Cardin and Howard Stafford.

### Castle Hill Club Gives \$100 Bond

The establishment of an endowment fund for the Mt. Diablo Therapy Center has been made possible through the generous efforts of a long established community club in this area, it was announced.

The Castle Hill Sewing Club visited the new quarters of the Center recently and charter member Mrs. James Maguire of Walnut Creek, gave Board president Samuel A. Bradbard a \$100 United States Savings Bond for this purpose.

The bond, which has now reached full maturity value, was purchased in December, 1942, with money saved by the Club from small monthly dues.

The club was organized over 30 years ago by five charter members with the purpose of sewing for community projects.

For many years members worked with the American Red Cross in making garments, and assisted Shadelands School for cerebral palsied children with their sewing.

The members are now working with the welfare director of Contra Costa County Hospital in making jaxettes for the hospital.

One of the major projects now underway is the sewing of items for a fall bazaar to benefit the Lynn School in Danville.

Bradbard expressed the gratitude of the Center's board of directors to the club for initiating the endowment fund.

### 5000 Blooms Expected For Camellia Exhibit

Inaugurating Camellia Week in Contra Costa County, the Northern California Camellia Society, in conjunction with garden clubs in the area, will stage a mammoth Camellia Show March 16 and 17 at the Walnut Creek Recreation Center.

The show is especially geared for amateur growers of camellias, said spokesmen, and everyone is invited to bring their blooms.

Over 5000 blooms are expected to compete for ribbons and cups. "Colorful Living with Camellias" will be the over-all theme of the show, which is intended to be educational as well as spectacular. Contra Costa members of show committees include David L. Feathers, Harold L. Paige, Al Evers, Haig Ashuckian, O. L. Davis, Dr. Fred Heitman, Roy Tess, Ed Wist, Arthur Patterson, Mrs. M. R. Bell, Mrs. George Cail, Mrs. Rose Gaubert, Mrs. John Beers and many others.

### New Meats to Be Sampled—Before Buying

A new brand of meats is going to be available to local shoppers at three meat counters soon. But before the thrifty housewife buys, she's going to have a chance to taste.

On March 21, 22 and 23, free samples of the pork products of the famed Oscar Mayer and Company will be given out at T and V Meats No. 1 at Black's Market, Orinda, T and V Meats No. 2 at Clark's Market, Rheem Center, and at King's Market in Lafayette.

The three meat counters are owned by Tony Ferriera and Vasco Giannini and will be the only local stores handling this brand of meat.

Various Oscar Mayer products will be fried and served up sizzling hot during the three-day introductory period.

According to Giannini, the new meats will be "of the highest quality, and are sure to please everyone who tastes them."

### Christian Science

Permanent health and happiness—gained through the spiritual understanding of man's true relationship to God—will be dealt with at Christian Science services Sunday.

Christian Science churches in this area are located at 22 Orinda Highway, Orinda, and 1347 Locust Street, Walnut Creek. Christian Science Society of Pleasant Hill holds its services at the Hillcrest Congregational Church on Gregory Lane.

Keynoting the Lesson-Sermon on "Man" is the Golden Text from Romans (8:16): "The Spirit itself beareth witness with our spirit, that we are the children of God."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (243:32-3): "Inasmuch as God is good and the fount of all being, He does not produce moral or physical deformity; therefore such deformity is not real, but is illusion, the mirage of error."

Matthew's account of Christ Jesus' healing of the man "sick of the palsy, lying on a bed" (Matthew 9:2-8) will be included in the readings from the King James Version of the Bible.

# Springtime Athletes Make Debut Today

## Track, Baseball, Swim, Gym All Set to Bow in

Held in halter for a week by the rain, prep spring sports teams in the Diablo Valley Athletic League are slated to be set loose for their first taste of fire today and through next week.

Most sports following basketball lack the protection of a gym roof, and so are pawns of nature. But if the clouds are kind, this is what will take place on local tracks, diamonds and pools.

**SPIKESTERS** from Acalanes, Pleasant Hill and Las Lomas High will test their limbs today. The Knights will greet athletes from Armijo; Acalanes hopes to prove uncordial to visiting Encinal; and the Rams will play host to the swiftness from Pacifica. All meets are scheduled to begin at 3:30 p.m.

Baseball will also make its prep debut today as Pleasant Hill hosts the St. Mary's High nine at 3:30 p.m.

**THE WATER** may still be chilly, but the Las Lomas pool will be the scene of the first swim meet of the season, between the Knights and San Leandro at 3:15 p.m.

The muscle boys get in on the act today, too, and not even rain can spoil their debut. The Ram gymnasts will match flips and flops with Richmond High in the Pleasant Hill gym, beginning at 3 p.m.

With one game and a weekend of evaluation behind them, the Don and Knight baseball squads should be ready for games Monday. Acalanes hosts Emeryville, while the Knights travel to Vallejo. Both games slated for 3:30 p.m.

**THE FOLLOWING** day, Tuesday, many eyes will be focused on the tennis courts, as the Pleasant Hill and Las Lomas racketeers make their debuts.

The Rams meet Alhambra at Martinez, and the Knights will trade swats with host Vallejo. These are both 3:30 p.m. matches.

Diamonds will also be filled Tuesday. Acalanes welcomes El Cerrito, Las Lomas and San Ramon get together in Walnut Creek, and Pleasant Hill goes to Livermore.

**WEDNESDAY** will be a rather slack day, and all the local sport scenes will be deserted, with the exception of the Acalanes pool. That's where all the DVAL paddlers will congregate for the League Relays.

First splashes will be at 3:15 p.m.

Things will pick up a bit Thursday as the Acalanes baseballers visit St. Helena, and the Pleasant Hill tennis squad travels to Martinez for matches with Alhambra.

**FANS MAY** have a tough time deciding which event to attend Friday. Spring sports will have a field day.

In gymnastics, the Pleasant Hill gym will be the arena for the Rams and Mt. Diablo, and the Las Lomas swimmers will give the Berkeley High pool a try.

One of Friday's big attractions will be the track meet between Las Lomas and Pleasant Hill on the Rams' field. But over at Acalanes, the track will be kind of crowded as the three way meet between the Dons, Berkeley and San Ramon takes place.

Cracks of the bat will also be heard, as the Knight nine plays Amador, a call, while Pleasant Hill travels to Berkeley.

Spring is really here, prep athletes are proclaiming. If the weather holds out, that is.

## Light Fare to be On Dramateurs' Summer Menu

Plans for a unique summertime theater-in-the-round currently have The Dramateurs working overtime making arrangements for the two or three plays to be presented in Lafayette's Town Hall.

President Alice Greening announced Tuesday after a meeting to formulate plans for the summer theater, that try-out dates for the productions would soon be set and revealed.

Light fare is the usual menu for summertime theater-goers, and The Dramateurs do not intend to break the tradition. Director Carl Rasmussen reports that several interesting plays are being considered.

Meanwhile, The Dramateurs are in full rehearsal for their forthcoming production, "High Ground," the mystery melodrama to be presented at the Berkeley Little Theater March 22, 23, 29 and 30.

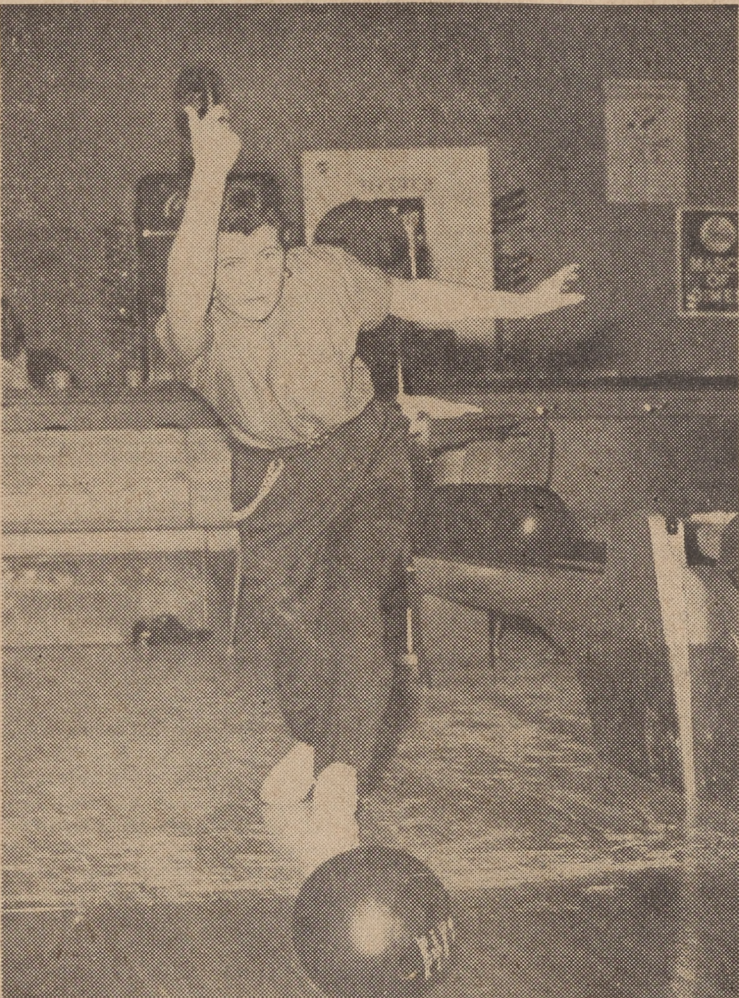

Taking the lead roles are Betty Reynolds, James Harris, Rosemary Dunning, Bob Flaherty and Beth Culp.

Supporting actors are Arthur Dunning, Grace Duffy, Charlotte Chapple and Mary Tokich.

## Alums Name Reichert To Head Committee

Donald L. Reichert, of 1053 Laurel Drive, Lafayette, has been reappointed chairman of the Diablo Area California Alumni Scholarship Committee, Alumni Association Manager Richard E. Erickson has announced.

Other local members of the committee are: Mel Arighi and Francis Tobias, Orinda; Dick David, Bobbie Lytle and Bill Zion, Lafayette; and Miss Laura Odell and Kathryn Taylor, Walnut Creek.

**BOWLING** is a popular sport these days. Anne Freitas lets go of one, in the hope that she'll score a strike. The scene is Monument Bowl.

## Pittsburg Cops Both Hoop Titles

Pittsburg High's basketball teams covered the prep league like a blanket this past season. Their dominance brought both the varsity and bee titles back to the school.

Local hoopsters were pretty much out of the races. In varsity standings, Acalanes, Las Lomas and Pleasant Hill bunched at the middle and wound up in a three-way tie for fourth place.

The little Dons showed up best in the bee loop, copping third place honors.

Here are the final standings for 1956-57:

## Mark Kermit is Traffic Engineer For This County

Mark L. Kermit, 35, has been appointed county traffic engineer, Victor W. Sauer, public works director, announced today.

The fast developing urbanization of the county and the tremendous increases in the numbers and kinds of traffic in the last few years have created an urgent need for professional traffic engineering at the county level, Sauer said.

Kermit's duties will include traffic safety and traffic education as well as technical engineering, he added.

Mr. Kermit received his civil engineering degree from Columbia University in 1948 and his registration as a professional civil engineer in 1954. He has just received his master's degree in traffic engineering from the University of California. He is an associate member of the Institute of Traffic Engineers and a junior member of the American Society of Civil Engineers.

Prior to coming to Contra Costa County, Kermit worked for four years as a traffic engineer in the Division of Traffic Engineering of the Public Works Department of the City and County of San Francisco.

There he served as head of the Design, Maintenance and Operations Division under the leadership of Ross T. Shoaf, Traffic Engineer for San Francisco.

Kermit was born in Vienna, Austria. He came to the United States in 1938. He served with the army in combat in Europe in World War II and after the end of the fighting he served with the military government in Germany.

## Firm Will Study Assessor's Office

A study of the administrative organization and procedures of the county assessor's office will be undertaken by a consulting firm on request of the County Board of Supervisors, the County Taxpayers Association reports.

County Assessor C. L. Dunklee several months ago publicly requested that the organization and procedures of his office be reviewed towards augmenting the staff and bringing appraisals up to date.

The Taxpayers spokesman said that, "Our directors feel that the assessor's office study may well demonstrate the need for a total survey, instead of a piecemeal procedure proposed by the board of supervisors."

## Baseballers Getting Set For Play Despite Weather

Prep baseball mentors and their charges have been gnashing at the bit this week, due to the lack of cooperation from the weatherman.

With mits in hand, the prep nines were disappointed in their hopes of getting off to a flying start and had to be content to fight the rain.

With luck, today's their day. Of course, the battle between baseball and the weather has been a pretty one-sided affair, with the elements the winner all the way. **WORKOUTS** have been meager, and coaches will enter their opening games pretty much in the dark — going on past records and what little they've been able to observe.

Although most coaches have tentative line-ups pretty much in mind, a good many changes undoubtedly will be made.

Las Lomas has a new head man in Vere Butler, who's given out his starting nine.

**VETERAN** Joe Sibley will get the call on the mound today, and he'll be throwing to Tom Tolan. The Knights' infield right now has Bob Riley at first, Jim Roberts on second, Bob McDougall the shortstop and Terry Yeager showing at the hot corner.

In the outfield it's Doug Potter in center, Roger Cowell in left and up-and-coming Jeff Beaubien in right field.

**OVER PLEASANT** Hill way Coach Lyle Palmer's big job has been cutting his squad down to size. He's got it down to a mere 51 candidates at present, with more to go in the near future.

Among the starters he announced, he has a new comer, George Adams behind the catcher's mask.

Strength and depth appear to be where they count most — on the pitching staff. Palmer has come up with three veterans in Al Locatelli, Mike Cereda and Mike Mayne.

IT'S STILL a toss-up as to who will open today.

On first base there's a nifty in Bill Locatelli. Second base is still wide open, and Palmer is still searching for the man to fill the post. The same situation exists at shortstop.

On third sack is Gary Scott. The outfield includes Dave Bartel in left and Tommy Larscheid in right, with the center spot still to be filled.

**THINGS LOOK** good at Acalanes, as the Dons have pretty much of a veteran team returning. Holes to be filled are at second base, right field and on the pitching staff, where All-County Mike Barrett left a big cap.

Dave Bojarsky is back in the catching slot, and both Mike Kritscher and Steve Jordan will probably be tossing the pill today.

The Dons are well fixed at first, where Jim Dinkel takes the spot he has held down the past two seasons.

**GEORGE McMEANS**, Dennis Combs and Gene Vincent seem the most likely candidates for the second sack. Rich Markstein returns at third, but will have a tough time keeping down the surprising frosh, Louie Cossio.

Gary Hansen returns at the short patch, while Lou Marrello will back him up in center field. Left field will be taken over by Lou's brother Bob, up from the Jayvees. In right it's a question mark. The answer will come during the practice session.

**LOCAL NINES** will have their hands full in the DVAL, as other squads are showing strong.

Diablo, with an all-vet team except for second base, is the pre-season choice for the top spot. Antioch has a good club on hand and rates as a good dark horse bet.

Don't count out Pittsburg. They're always strong. Pacifica is still pretty much of a question mark, but with a pitching find could well upset somebody's apple cart.

## Ski Enthusiasts Form Club to Further Sport

By VI WHITE

A group of enthusiastic skiers met one evening last week to organize a new club in this area. Many interesting things were discussed and new thoughts expressed showing the need for such an organization. Present were Pat and Skip Walters, Bob Hinds, Larry Passell, Julian Potashnick, Tom Mehring, Roger Fairfield, Lois and John Knox, Dick Dowell, Ed Boitano, and Charlie, Carson and Vi White.

The group decided to tentatively be known as the Walnut Creek Ski Club and picked the following people to act as a governing body: Skip Walters, president; John Knox, vice president; Lois Knox, secretary, and Larry Passell, treasurer.

**ED BOITANO** will head the membership committee, Pat Walters will handle signups for trips, and Vi White will be in charge of socials. Another meeting is scheduled for this week at the Walnut Creek School but if you are interested in more information phone Secretary Lois Knox evenings, MU 5-4678, or white 119 Sanko Road, Pleasant Hill.

Youngsters from the Lafayette Presbyterian Church Fellowship Group who were skiing at Dodge Ridge one day last month and also saw the historic 49ers Presbyterian church in Columbia were Karen Bartlett, Marcia Hauskens, Leslie Jones, Geoff Picard, Tom Stearns, Lynn Stockwell, Denny Tull, Jean McNulty, Steve Harper, Diane Hansen, John Fisher, Janet Elders, Joanne Guguere, Sally Hamlin, Joan Roth, Louise Hern and Diane Linsley.

Mr. and Mrs. P. B. Hoskins were sponsors.

**MEMBERS OF THE** Oakland Ski Club are excited over the annual Club championships at Sugar Bowl this weekend. Ski instructor Bill Klein of Orinda will set the downhill and slalom courses for the racers.

Members Maxine Matson and Ridgeway Thomas are coming all the way from Ohio to enter.

Tribune ski reporter Bill Dunbar of Orinda will present the Tribune trophy to the winner on Sunday. The Oski lodge is always full for this occasion. Skiing should be good now that snow is falling over the rain-soaked slopes.

Tolls on the San Francisco-Oakland Bay Bridge for passenger cars started at 65 cents. Later they were reduced to 50, 40, 35 and 25 cents. The reduction to 25 cents was made in 1940.

**THE DUTIES OF** box office, ushering and stage crewing are performed by many local Children's Theater members which include Mesdames: George Krusi, Jack Lackey Jr., Robert Pedder, David Bullen, Theodore R. Gaines, Robert Van Gelder, Will Hall and Charles Morrill.

Tickets are 65 cents and on sale at the door. However, to accommodate birthday parties or other large groups, advance reservations may be made by calling Mrs. Will Hall at AT 3-2547.

## Knights Show Well, But Fall Before Champs

It was more than ability that spurred the Pittsburg Pirates to a 67-46 trouncing of Las Lomas last Friday night at Pittsburg.

The Pirates had the league title at stake. They weren't about to lose.

They didn't, and ended the season with 11 wins and a single loss to be crowned champs.

Pitt's intentions were apparent right from the opening moment. The Pirates blasted the game wide open in the first quarter, dropping 25 points through the hoop in the first eight minutes.

Las Lomas, with nothing to win in the game but prestige, never quit trying. The Knights countered with 13 points of their own in the wide-open first frame, but simply didn't have the horses.

Hot shots of the Pirates' opening whirlwind were All-County guard Jesse Lea and center Percy Mays, both bagging 8 points.

Things got even worse for the Knights in the second quarter as Pitt pulled away with another 12 points to Las Lomas' 7.

But the Las Lomas lads had evidently heard that they weren't supposed to give up, so they came out after the intermission to match Pitt point for point. Each club tallied 15 in the third period.

The Pirates' lead was insurmountable, but the Knights plugged through 11 more in the final quarter, nearly as good as Pitt's 15.

Lea topped all scorers with 21 points, and center Joe Sibley's 12 was high for the Knights.

The little Pirates also won the league title at the expense of the Knights, winning the Bee game, 41-31.

## Dons Drop Hoop Pair To Antioch

Antioch's basketballers paid a call at Acalanes High last Friday night and went home with a pair of wins under their belts — 58-54 in varsity play and a 49-33 rout in the Bees.

In the varsity go, both clubs stuck to their starting lineups throughout the red-hot game. With the issue in doubt right down to the wire, five players wound up hitting for double digits.

**IT WAS POINT** for point in the first quarter, which ended with a 10-all score.

But the Panthers began their move in the second stanza, holding the Dons to 10 while garnering 14 of their own.

Things seemed pretty well cinched for the visitors after the third quarter, in which they tallied 20 points to an even dozen for the Dons.

**BEHIND** 44-32 as the final period began, the Dons began to sizzle. They swished 22 points through the hoop, surpassing the Panthers' 14. But it was a race against the clock, and time ran out to halt the comeback.

Things might have been different if, during that fourth quarter spree, Don forward Bill Freeman hadn't become confused and scored in the wrong basket.

The wrong-way bucket came on a fast break. If Freeman had straightened out his directions, the game theoretically would have ended in a tie and an overtime would have been played.

**IRONICALLY**, it was Freeman who kept Acalanes in the game. The little forward ended up with 27 points — 25 of them for the Dons — for high scoring honors.

All-County Rally Rounsaville wound up with 23 points to lead the victors. These points by the sensational Panther forward gave him a season total of 223, good enough for the league scoring crown.

Antioch forward Ruiz had 20 points, while Dons John Phair and Rich Markstein both tallied 12.

## Joint CD Council Will Meet Tuesday

## 'Goat' Play Causes Stir--Can Happen to the Best

By ERWIN MATTSON

The final round of prep basketball for the 1956-57 season is now history. It was a round — and a season — of thrills and unusual events.

One of the strangest came last Friday when an Acalanes hoopster became confused and scored a basket for the opposition, Antioch.

**THE VISITORS** got credit for the goal and went on to win the game by four points. We might theorize that had the "wrong-way" scorer, forward Bill Freeman, dunked the ball on the right end of the court, the Dons could have forced an overtime.

The point this incident brings to mind is that such wayward scoring doesn't happen more often in the heat of a game.

Ironically, Bill was really on the beam throughout the game, and his hitting for Antioch came on the tail end of a brilliant evening of scoring for him. He was the game's top scorer, a role he has played often for the Dons all season long.

**HE WAS WAY** ahead of the other Acalanes point makers and was among the top ten scorers in the league.

Like Roy Riegel's famous wrong way run in the Rose Bowl, it will be the subject of sports chatter for years to come. One "goat" play can often achieve more fame than a whole season of top play.

The Freemans have been playing top ball for the Dons for many years. Bill is the fourth in the family to play varsity ball for Acalanes.

**THERE'S MORE** to come, too. Brother Doug was on the Bees as a frosh and is headed for the varsity.

One thing certain, the Freemans have scored more points than any other family on the Acalanes hardwood. All have been fine players and better than good shots.

All good things must come to an end, however, and Doug's graduation three years hence will eliminate the Freeman name from the Dons' line-up. Doug is the last of five brothers.

**BASKETBALL FANS** can wind up the season in fine fashion by taking in the Tournament of Champions, which opened yesterday and ends with the finals tomorrow night at the University of California.

Play will open at 6 p.m. tonight and tomorrow, but it's best to get there early and beat the big crowds.

The only sport which got any competitive action this week was swimming, which wasn't hindered by the moisture which covered the area, thanks to heated pools.

**LOOK FOR EARLY** season track meets to produce better-than-expected marks once the running and jumping begins on dry tracks. Workouts have been modified, but the boys will probably be in better shape than usual for the openers.

Plans are in the making for some type of post-season baseball play. All-star games are played in the Bay Area, but only a few outstanding players are selected from this area.

On paper at least, there seem to be quite a few fine pitchers in the local prep league — possibly more than there have ever been. If all live up to expectations, look for some tight pitching duals and more than one extra-inning game.

Clinics and youth baseball have lifted the caliber of ball in Contra Costa to the point where local teams can compete on even terms with the city boys.

**MOST SPOTS** here are confronted with the need for more baseball facilities to take care of the demand.

We hear of several more ski victims — broken legs but good. In two instances both limbs received the full treatment.

It's ironic that many parents who won't let their kids play football because it's too dangerous go all out for the snow sport. If football had a fraction as many fractures as skiing or automobile driving, it would be banned from interscholastic activities in a hurry!

## Golfers Will Improve Games At New School

For local golfers who want to improve on their techniques, and for beginners just taking an interest in the game, a happy answer is here.

It's the new golfing school that has been opened by veteran golfer Neil "Scotty" Russell at 3422 Mt. Diablo Boulevard, Lafayette.

Offering individual lessons "based strictly on fundamentals," the Scottish owner and instructor of the school promises that the "instruction will be thorough and complete."

The school opened last Friday. Born in Edinburgh, Scotland, where he learned to play on the links at Braid Hills, Russell is new in this area and resides at 3422 Walnut Boulevard, Walnut Creek.

His school is situated in the building formerly occupied by the Treasure Trove. In addition to the regular classes, the new school will also offer oral instruction sessions monthly, according to Russell.

These will include regular "chalk talks," plus motion pictures of the professional stars in action.

As the golf studio will have two nets, one will be used for lessons, the other for the practice of golfers who may drop in at any time during the day.

Regular instruction, however, will be scheduled through appointment. The charge will be \$5 per lesson, or \$20 for a series of six lessons.

"There comes a time when one must get over the barriers and take a new lease on the game," Russell said.

## Buy Your Car from a Local Dealer! He's Dependable!

Mrs. Prospective Car Buyer is regaled every day with what appear to be "good deals" in various car lots, some reputable and some not, throughout the Bay Area.

But the smart buyer knows that buying a new or a used car is somewhat like buying a horse in the old days—you had better deal with a man you can trust if you want to get your money's worth!

He also knows that his local dealer, the man who has been in the area for a number of years, whose family is part of the community and who will be here in future years, is the best man to see about a car.

IT'S SIMPLE—your local new or used car dealer is not going to sacrifice his reputation and community good will for the sake of a sharp deal—his profit and success rather depends on honesty and customer satisfaction over the years.

With that, his name grows as one which can be relied upon, and his sales increase. No sharp deals, only a large number of fair deals make his living.

To buy your car from a local man, one who is a part of your community, is to take advantage of a kind of "built-in insurance," created by a long-standing desire by the car dealer to make his friends happy.

And not only will he give you a better deal than the hit-and-miss operation which is here today and gone tomorrow in and about the big cities, but he will stand behind his product.

HE HAS TO, if he wants people to come back!

That means if anything goes wrong, Mr. Car Buyer will not get the "big-city" shrug.

He'll get help, the kind which will have him singing praises of Mr. Car Dealer all over town, the kind which will bring new buyers to the local dealer's showroom.

Buy Locally! It's your safest bet!
